

Restaurant technology built for the digital age

Everything you need to run your restaurant operations effectively. Digital Ordering, Loyalty and Rewards, Delivery, Takeout and Curbside Communications, No Contact Capabilities, Drive Management, Reporting and Analytics; all fully integrated into our robust management HUB.

The HungerRush restaurant management system helps you drive more orders, analyze sales data, track inventory, connect with customers and manage employees; all built on an integrated platform for restaurant operators who want to dominate across every ordering channel.

Digital Ordering Made Easy

A [digital ordering platform](#) to reach more customers, service new guests and become more competitive.

- Customized design to fit your brand
- Drive more revenue with off-premises ordering
- In-depth data insights to track order progression
- No Contact built-in features for curbside, takeout and delivery
- Wow your customers with easy ordering and robust loyalty

Loyalty & Rewards That Delight

Identify your best customers by frequency and spend and keep them coming back with a [robust loyalty platform](#).

- Simple to setup – fully customizable
- Customers can quickly and easily enroll
- Engage on mobile, online and in-store
- Secure, single-use reward codes
- Know your customers better with real-time insights

Delivery & Takeout, Simplified

Service guests on their terms. Configurable [delivery and curbside services](#) with your drivers or leverage a third-party partner.

- Simplified order look-up and real-time mapping of orders and drivers
- Integrated kitchen display helps staff stay on track
- Drive Management. Real-time mapping of orders and drivers
- Operate multiple delivery zones, effortlessly
- Reduce costs with driver tracking, called ID and on-demand logistics
- Increase repeat business with greater guest satisfaction
- In-house and 3rd party on-demand integrated delivery management services

Effortlessly Benchmark Your Business

Measure business health with real-time reporting and gain actionable insights to streamline your operations and drive growth; all with our integrated reporting and management HUB.

- Multi-store operations from anywhere, at your fingertips
- Improve store efficiencies with integrated driver logistics
- Save time pulling reports with point-of-sale managed in one place
- Dive into vital above store insights for a 360 view of your operations
- Document repository for compliance and governance
- Own your data with fully integrated Point-of-Sale

Point-of Sale Made for a Digital World

Master efficient operations. Analyze sales data, connect with customers, track inventory, and manage employees all in one place.

- Intuitive user interface to manage your day-to-day
- Easily measure business success
- Stop wasting time on tedious tasks – updates are automatic
- Access crucial insights about your operations
- See critical order and spending trends
- Master menu management with ease

Enable No Contact Delivery Capabilities

Let your customers choose how and where they want their food delivered.

- Empower your guests to choose delivery to their door without a direct hand off by their driver.
- Save message notes to a customer's profile for future orders and to promote offers.
- Keep more money in your pocket with in-house delivery instead of paying commissions to 3rd parties.

HungerRush is leading innovation for the hospitality industry with its advanced restaurant management system (RMS) which gives restaurants and chains the ability to drive revenue growth by acquiring deep knowledge of their customers, and to achieve operational excellence through end-to-end integration.
